SIMATIC ET 200SP, set for 5 shield connections, with 5 shield terminals, 5 shield supports, 5 support elements

General information																																					
Product type designation	Shield connection																																				
Installation type/mounting																																					
Mounting	can be plugged into ET 200SP BaseUnit																																				
Ambient conditions																																					
Ambient temperature during operation																																					
• min.	-40 °C																																				
• max.	70 °C																																				
Altitude during operation relating to sea level																																					
• Installation altitude above sea level, max.	5 000 m																																				
Absolute humidity																																					
• dew point, min.	-60 °C; suitable for dry room applications																																				
Mechanics/material																																					
Material	Brass, nickel-plated																																				
Dimensions																																					
Width	15 mm																																				
Height	14 mm																																				
Depth	80 mm																																				
Classifications
